Description

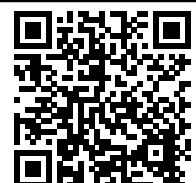

A wonderful and scarce pair of wooden candlesticks, always a winning combination, polished Oak and brass and the size is phenomenal at 18" tall, these don't come along very often, so don't hesitate too long! Not to be confused with a simple pair of twists, these are the highly sought-after "open" twists, with two hand carved twists spiralling around each other. The highly decorative polished brass drip trays are to protect the wood from hot wax drips, the brass re-polished to gleam. Dating to around 1900, they both remain in excellent condition, a mammoth 18" tall with a base diameter measuring 6 1/2".
