Description

A very fine sterling silver Trinket Box. Oval in shape, this lovely box has plain polished silver sides with a pretty protruding edge to the base and to the edge of the lid. The lid of the box has a lovely engine turned pattern with a circular empty cartouch in the very centre. The lid opens and closes perfectly. Hallmarks are visible to one side of the box (slightly rubbed but still indentifiable - see images) for the Chester Assay Office with a date mark for 1910 and Lion Passant indicating the finest sterling silver. The date mark is for 1910, along with the silver maker's mark for George Nathan & Ridley Hayes. Partial marks are also clearly visible on the side of the lid. The proportions of the box are perfect. A lovely item in great antique collector's condition (there are a few very tiny dings on the base which we mention only for accuracy). Superior craftsmanship is evident! Hallmarks and maker's marks: Chester 1910 by George Nathan & Ridley Hayes. Measurements: Height: 3.4 cm approx. Width: 10 cm approx. Depth: 5.8 cm approx. Weight: 108.1 grams approx.
