## Description

Gents 9ct gold Omega wrist watch, 1958. The watch has a 17-jewel hand-winding movement, calibre 267, which is working nicely. The movement is fully signed and the serial number dates it back to around 1957. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1958 so it ties up as we would expect with the movement serial number. The case is in good condition, just minor marking but nothing serious at all. The winding crown has the Omega logo. The lens is in lovely condition. The signed dial is in its original finish, it has darkened with age and there is freckling across it but overall the aged finish is even across the dial. Original dauphine shaped hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box.
