Description

Really stunning Victorian ebonised Credenza sideboard with original brass work, marquetry inlays and with its original two plain glass doors and the central mirrored door is also the original. Very decorative piece but is also quite refined and elegant due to its proportions. This makes for a beautiful feature piece with room on the top surface for display and also internally, which is shelved with its original deep blue velvet lining. The central mirrored door does have some foxing to the glass which I have tried to make sure you can see in the top right corner. There is some fading to the ebonised freize which is noticeable in some lights, bearing in mind I have illuminated the piece with very bright photographic lighting. The condition is good throughout and it has cleaned up beautifully. There is approximately 10" or 25cm between each shelf, but this does vary a little, so please let me know if you need specific measurements (although you could move the shelf supports to suit your needs). Measuring: 42 3/4" or 108.5cm high 71...
