Description

Gents Omega Deville curvex wrist watch, 1967. The watch has a hand-winding movement, calibre 620, which is working nicely. The movement is fully signed and the serial number dates it back to 1967. The watch measures 21mm wide excluding the winding crown and 33mm high excluding the lugs. The case is stainless steel, it has the odd minor mark but overall is in good condition. The inside of the case back is signed with the Omega logo and it has the case reference 111.016 which is correct for the calibre 620 movement. The winding crown has the Omega logo. Original lens (with the tiny clear Omega logo to the centre). The signed dial has a little discolouration along the sides but overall is in good condition. A new leather strap has been fitted. The watch will be sent in a new presentation box.
