Description

A lovely example of an Art Deco table uplighter that shows great style and imagination. It is made from a Spun aluminium and then decorated with a pale gold tone finish. It is cream on the inside and takes a normal bulb. There are sections of glass that encircle the base giving the lamp that extra presence. Wonderfully ambient light radiates when it's lit. Condition is very good no bumps to the metal work which is unusual in these lamps and generally minimal signs of it's age. FREE UK MAINLAND DELIVERY
