Description

This is an exceptional and beautiful example of a ladies wristwatch made by the world renowned premier Swiss maker Omega. It has a solid 18ct white gold case with diamonds around the hexagonal case and to the shoulders which are incredibly white, bright and crisp. It is attached to a beautiful snakeskin design bracelet which simply glides around the wrist and of course is hallmarked. The design is very much of the Art Deco era. The dial is in mint condition having been fully restored. The case measures 22mm wide not including the crown. It will fit a maximum of up to 7 inches or 176mm but this can easily be reduced by any competent jeweller. It is quite stunning, the case has been professionally cleaned and polished so it is absolutely pristine. It has a calibre 620 manual winding movement and as you can see is in fabulous condition. As you would expect from Omega the watch is fully marked on the dial, movement and case. It comes complete with a presentation box to keep your watch in perfect condition. This is truly an wonderful piece and would be a present which any lady would love to receive. Omega are one of the most exclusive makers in the world ...
