Description

This is a wonderful example of a gents classic wristwatch made by the world renowned premier Swiss maker Longines. Everything about this watch is original, the dial has not been restored or retouched in any way. It has the flagship emblem engraved on the back of the case. The Longines 30LS 17 jewel movement is regarded as one of the best and most reliable manual wind movements ever made, a beautiful piece of engineering. The reference number is 104. It has its original Longines winding crown. There is a copy of an email from the Longines museum to the previous owner with all of the details about this watch. It has just been professionally serviced and a new glass has been fitted. The solid stainless steel case has been professionally polished. As you would expect the watch is fully marked on the dial, movement and case. It comes complete with a brand new quality black leather strap. It is extremely rare to find this model with a black dial and a must for Longines collectors. The watch case measures 34mm in diameter not including the crown. The watch has been fully serviced. It has been professionally overhauled, the process is highly detailed and meticulous....
