Description

This tea service comes from the Longton potteries of George Proctor and Co from around 1930. (the stamp on the bases dates from the 1920s to 1940, we suspect this pattern to be rather earlier than later. The service is in good condition and still has great colour. There is a good selection of pieces which include Cream/milk jug and sugar bowl, six cups and six saucers, six side plates and two cake plates. A total of 22 pieces and we will include a further six side plates. this makes a total of 28 pieces. The price for the 22 pieces is £100 and the other plates come free. We can pack and post these but are somewhat reluctant as most carriers will not insure this sort of item and care seems a little short supply recently. We have a couple of other tea services in stock, please check out our web site in the next few days. The items of course vary in size so we can enter this information below. for sake of good measure we have shown the size of a side plate
