Description

Gents 1930s cushion cased wrist watch. The watch has a hand-winding movement which is working nicely. The watch is a good wearable size at 31mm wide excluding the winding crown and 31mm high excluding the lugs. The case is the Moon model by the Dennison Watch Case Company, this was the 10ct gold plated model which was originally guaranteed to wear for 20 years. The front of the case is in good condition. The case back has a wide but shallow indentation and a few short scratches to the edge, probably where the case back has been removed in the past. The lens is in good condition. The dial is in its original finish and has blued steel hands. A later leather strap has been fitted. The watch will be sent in a new presentation box.
