Description

An antique Minerva half hunter pocket watch. The watch has a good quality Swiss stem-winding movement, which is working well. The movement is signed Minerva, 17 jewels, 4 adjustments, Swiss made. The movement is protected by an inner hinged cover. The watch measures 50.8mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Dennison Watch Case Company, a major supplier of cases to various watch manufacturers. The case has light surface marking from use but overall it is in nice condition. The front cover has a small lens surrounded by enamel filled Roman numerals some of the enamel has come out over the years although hardly noticeable. The front cover is opened by pushing the winding crown. Inside there is an acrylic lens which is in good condition. The white enamel dial has a very faint hairline crack between 1 & 2 o'clock but otherwise it is in nice condition. Note the special hour hand for half hunter watches, so that the hands can be distinguished between when the front cover is closed. The watch will be sent in a new presentation box.
