Description

A skinny, fairly tall, antique pine bedside cabinet which has a partly glazed door. The 3 small individual bevelled glass panels are original. The single door opens from right to left, and inside are two shelves. The original lock and key are in working order. Dating from the c.1920's, however the top is new. It stands higher than your average bedside cabinet, so would also work well as a lamp stand / hall stand. Recently stripped to the bare wood, ready for waxing or painting. Height 39", width 19.5", depth 14"
