Date of manufacture: 1900

Dimensions

Height = 46 cm (18.1")

Width = 53 cm (20.9")

Depth = 40 cm (15.7")

Description

The rich colour and excellent condition of the original leather latticed seat and decorative brass studding, immediately attracted us to this oak Arts & Crafts 'x' framed stool. The thistle motif and style of seat both suggest a Scottish origin. The stool's oak frame is in good condition, its joints are strong with no movement. The leather has retained a wonderful lustrous surface. A lovely stool that would enhance any contemporary or period home.
