Description

This is a very decorative and unusual mid c19th French "repousse" brass frame mirror with a "cushion" style and an additional inverted cushion of original mirror glass. The condition is very good and the brass has been carefully cleaned, but not too much! The arrangement of the mirror glass gives a fantastic effect from the four inset mirror panels. All mirror plates are original and the centre glass is bevelled. A great feature piece and a rare item at this size and quality. I will add some images of the mirror above a console table to help give perspective. Measuring: 52 1/2" or 133.5cm high 31 1/2" or 80cm wide 2 3/4" or 7cm deep
