

SA654314

1920s gold plated pocket watch and chain

Price

Sold**Item Reference: SA654314****Date of manufacture: 1920**

Description

1920s gold plated pocket watch and chain. The watch has a good quality 17-jewel stem-winding movement (with two adjustments and whiplash regulator) which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case was made by the Dennison Watch Case Company... Dennisons supplied cases to various watch makers. This is the Star model, a gold plated case which was originally guaranteed to wear for 10 years. There is a small pin prick "ding" to the back but overall the condition is good with just light surface marks. The lens is in good condition. The watch has a white enamel double sunk dial with Breguet style blued steel hands, and an outer minute track. The watch comes with a single chain, 31cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box.
