Description

Gents 9ct gold Lanco wrist watch, 1960. The watch has a 15-jewel signed hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1960. The case is in good condition, just a little waviness to the part of the back but nothing too serious. Original winding crown with the L logo. The lens is in good condition. The signed dial is in its original finish, it has some light marking and perhaps a shade of darkening but all very acceptable. A new leather strap has been fitted. The watch comes in a new presentation box.
