Description

Gents 1960s Avia De Luxe wrist watch, box and papers. The watch has a Swiss 21-jewel hand-winding movement which is working nicely. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is gold plated and is in beautiful condition. The stainless steel case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition. The dial is in its original finish and, again, in lovely condition with original hands and centre seconds hand. A new leather strap has been fitted. The watch comes in an Avia presentation box and is complete with 1963 papers.
