SMALL WHITE GLOBE CEILING LIGHT

Price

Sold**Item Reference: SA654437****Date of manufacture: 1920**

Dimensions

Height = 40 cm (15.7")

Width = 22 cm (8.7")

Depth = 22 cm (8.7")

Description

Circa 1900-1930 a small white moulded glass globe with the original top in good condition. The light measures approximately 40cm in length from the top of the big circular hook down to the very bottom of the globe, and it is about 22cm in diameter. We can supply a small amount of dark brass chain if required. It doesn't need wiring as electric cable passes through the hole at the top of the light, and we suggest a 40w lightbulb would be sufficient. Postage and packing within the UK mainland only is included in the price and for remote areas or abroad, please contact us for a delivery quote.

Internal Ref: 1500
