Description

Circa 1900 a heavy and ornate gilded brass box with the original green felt lining inside which is in very good condition with no signs of damage or stains. The box measures just under 15cm in length, 8cm in width and the height is approximately 7cm and it weighs just about 1kg and it has four little feet underneath. It has been lightly polished by us and may benefit from further cleaning, but many of our customers prefer us to leave things as they are and it is being sold 'as is'. There is a maker's mark underneath - see last photograph, but we are unable to identify it. Postage and packing within the UK mainland only is included in the price and for outside areas or abroad, please contact us for a delivery quote.
