Description

Antique 1908 Waltham fob watch. The watch has a hand-winding movement, grade 100, which is working nicely. The movement is fully signed and the serial number, 17301992 which dates it back to around 1908. The movement is fully protected by an inner hinged cover. The watch measures 34.4mm diameter excluding the winding stem and the loop. The case is the gold plated and is the Star model by Aaron Dennison... the Dennison Watch Case Company made the majority of cases for Waltham UK. The case has light surface marking from use but overall it is in nice condition for a 1900s piece. The acrylic lens is in nice condition. The signed dial has a very faint hairline crack below the sub seconds dial but otherwise it is in nice condition. The watch has its original gold hands and blued steel sub seconds hand. The watch will be sent in a new presentation box.
