Description

Gents 9ct gold Smiths Astral wrist watch, 1969, made in England. The watch has a 17 jewel hand-winding movement which is working nicely. The watch measures 32.5mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1969 with a case maker's mark for the British Watch Case Company, a company who supplied various watch makers with cases. The case is in good condition and there is a 1970 long service inscription from 'road transport' on the back. The lens is in good condition. The signed dial is in lovely condition with original hands, centre seconds hand with red pointer end and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box.
