Description

A stunning carved oriental desk ornately decorated with dragon designs on most of the panels with all four legs modelled on a chinese dragon upsidedown. With two main front drawers and four tiny ones in the galleried upper tier, along with a pair of small lockable cabinets. The carved back panel has a bird carved in the middle and there is a face carved in between the two front lower drawers. This item is full of interesting aspects telling their story, and has a redish brown patina. The desk is in need of a full rewaxing and will look fabulous once completed. We intend to fully rewax and restore the finish, but thought it would be sensible to show that it is very old before cleaning. *SEE CARVED CHINESE DRAGON CHAIRS* at www.MansionHouseAntiques.co.uk to see what rewaxing can achieve, a fabulous finish & patina.
