## Description

This inlaid mahogany chest of drawers is in great condition, both inside and out. A really unusual item and so useful, particularly in a restricted space. It is a pretty and useful little chest at 60cms wide and 36cms deep, however the top can fold open to make a neat desk with green leather inlays. When open the top is 72 front to back and it could be great for using a lap top perhaps or to read, your legs fitting under the top as it folds forward. This could possibly make a fantastic and most unusual present for a child's room, or indeed any where really, it is such a versatile item and as stated in very clean condition. Certainly not overpriced at £310. give us a call if you would like to discuss. Delivery can be arranged to most areas for £60/70 with a specialist carrier or it can be collected from Knutsford if preferred. 01565 874075.
