Description

This bedside cupboard is one of a pair but can be bought on its own. It has a partly glazed door, which opens from left to right, and there are two shelves inside the cupboard. Dating from c.1925, in good condition for its age. It is fairly tall for a bedside cupboard so could also be used as a small linen/storage cupboard. It would also work very well as a lamp stand in a hall or living room. It has recently been stripped to the bare wood, ready for waxing or painting, and is in a very clean solid condition. Height 39", width 19.5", depth 14"
