Description

Antique 1920s Elgin full hunter pocket watch. The watch has a stem-winding movement, grade 386, which is working well. The movement is signed and the serial number 22868915 which dates it back to 1920. The movement is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the stem, crown and loop. The case is 10ct gold filled and is the Moon model made by the Dennison Watch Case Company. The case has light surface marking from use and a small "ding" to the front cover but overall it is in nice condition for a 1920s piece. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in nice condition. The signed double sunk dial is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
