Description

A quite unique bracket clock of very small proportions. The twin fusee, 8 day, bell striking movement is a work of art and an absolute credit to the maker. The 5" dia white enamelled convex dial has black Roman numerals and lovely cut hands. It has a cast brass bezel and convex glass. The tapered case has brass inlay to the front with a stepped and gradooned top surmounted by a gilt brass pineapple finial. Made from the finest flame mahogany, it has a polished lustre to die for. It stands on four brass splayed bracket feet. It has brass lion carrying handles to the sides, and a glazed, key lockable door to the rear. The dimensions shown include the finial and are max. measurements in any direction. Our usual 12 mths parts and labour applies. A very rare clock. All cards accepted.
