Price

Sold

Item Reference: SA660306

Date of manufacture: Edwardian

Dimensions

Height = 93 cm (36.6")

Width = 56 cm (22.0")

Depth = 48 cm (18.9")

Description

Apart from being very comfortable and adjustable, two more things attracted me to this light oak revolving desk chair - its fine original condition and its history. There are many oak desk chairs to choose from, some at a lesser price, but this is such an excellent example with an interesting provenance. You can tell a lot about how a chair has been treated by examining its original castors - the set that supports this chair are in excellent condition which suggests its been well cared for during the last 100 + years. However the seat did need replacing - we renewed the upholstery and covered it with a similar period piece of leather, which blends perfectly.
