Description

A 1930s Tempo pocket watch & chain. The watch has a Swiss 15 jewel stem-winding movement which is working well. The watch measures 46.5mm diameter excluding the winding crown and the loop. The rolled gold case has light surface marking from use but overall it is in nice condition for a 1930s piece. The glass lens is in nice condition. The gold coloured harlequin dial is signed Tempo with Swiss Made at the bottom, it is in its original finish and in good condition with just a little marking. The hands are a particularly handsome feature, and there is a subsidiary seconds dial and an outer minute track. The watch comes on a vintage decorative chain which measures 26cm including the clasps. The watch will be sent in a new presentation box.
