Description

This gilt overmantle has superb detailing and a good glass, from we believe to be 1868 by a small piece of information on the rear boards. It appears to have had only minor amounts of tidying over the last 150 years and boasts excellent mouldings as the pictures show. A fine example of the not too common landscape shape overmantle with an arch top. This rather special mirror also still retains the original ceramic feet. Certainly a rather special find in this condition and at this competitive price of only £540.00. The width given below is the widest point the body is 112 cms Delivery can be arranged at £60/70 to most areas with a specialised carrier or can be collected from Knutsford of course. Don't hesitate to give us a call if you would like to discuss. Sorry reserved
