Description

Superb, highest quality German silver and ivory drawing instrument set by W. H. HARLING of LONDON in original felt lined rosewood box. The box is veneered in rosewood with German silver inlaid escutcheon plate and top plate. The lift out tray is complete with ALL the original German silver and ivory drawing instruments with all the relevant attachments. Under the lift out tray we still have all three of the original ivory items, 2 fold sector, protractor and parallel rule all stamped Harling. There are also various pins and paints etc. It is rare now-a-days to find a set of these in completely original condition, many of them have been mucked about with and don't have their original items inside. It is in very good condition apart from a minor hairline crack to the top of the box on the left hand side and a small veneer chip to the back. SIZE; 8" wide by 6 1/2" deep by 2 1/4" high CIRCA; 1870 - 1880
