Date of manufacture: 1960

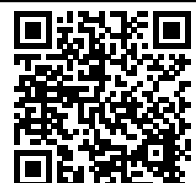

Description

Gents Omega wrist watch, 1966. The watch has a hand-winding movement, calibre 620, which is working nicely. The movement is fully signed and the serial number 24088803 dates it back to 1966. The watch measures 31mm diameter excluding the winding crown and the lugs. The case is gold plated and it is in good condition, just some rubbing to the stem housing on the back of the watch. The winding crown is a later plain replacement. The stainless steel case back has the Omega triangular logo inside, together with the case reference 111.077 which is correct for the calibre 620. The lens is in good condition. The signed dial is also in good condition, just a couple of very small marks towards the centre if viewed closely. A new leather strap has been fitted. The watch will be sent in a new presentation box.
