Description

A fine example of a solid Silver milk or cream jug with an elegant curved handle and rope twist rim around the foot. The jug is stylish and good quality, weighing approximately 74g. It is engraved on one side with swirling initials. It is clearly hallmarked for William Neale, Chester, 1903. It is in very good condition for its age. There are no major damages and it displays beautifully. There are some faint internal surface marks and a few light surface marks and minor dinks but nothing detrimental. It has been gently cleaned and polished is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
