Description

This is an antique aneroid barometer. An English, oak banjo barometer from the Civil Service Supply Association Ltd of London and dating to the early 20th century, circa 1910. Select oak displays fine grain interest and a desirable aged patina Original glass in good order and of bright, clear optics Highly decorative banjo style featuring carved foliate detail. Generously sized aneroid face with a diameter of 19.5cm (7.75") Attractive annotations provide clear readings of current conditions Secondary hand can be manually aligned to show change Bevelled opening displays the aneroid cell mechanism Mercury filled temperature displays reads in Fahrenheit and Centigrade Bears the initials C.S.S.A. Ltd London E.C. where they were resident at 136 Queen Victoria Street This is an attractive, antique aneroid barometer. Delivered polished and ready for the home.
