Description

A lovely Art Deco style bronzed desk lamp dating from the early 20th Century. It is a stylish piece with a heavy square base and the original metal shade. The lamp has been re-wired and PAT Tested and is in good working order. It takes a standard bayonet bulb (bulb not included with lamp). The base of the lamp measures approximately 5" (13cm) square. The shade is 9" (23cm) long and the lamp stands approximately 13" (33cm) tall. It is in good condition for its age. The bronzed finish has tarnished and worn in places over time and there are some signs of age and use. A small screw at the back of the lamp has been replaced at some point and the shade has some marks and scratches on the inside and a small dent on the top but overall it displays very well. The lamp has been lightly cleaned and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. UK delivery £15.
