## A Silvered and Electrified Bronze study of a Cockerel, Early 20th Century

Price

**Sold****Item Reference: SA661937****Date of manufacture: 1930**

### Dimensions

Height = 27 cm (10.6")

Width = 30 cm (11.8")

Depth = 18 cm (7.1")

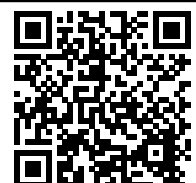

## Description

This highly decorative and finely detailed heavy silvered bronze study of a cockerel with a cold-painted comb is stood with his wings outstretched and one foot raised on an alabaster ball. The ball was originally electrified and illuminated, and the dark brown patinated bronze base is hollow for the original light fitting with a hole for the electric cable. This can be easily rewired if required.
