Description

Superb set of four Art Deco wall lights. A chrome globe leads to two glass demi-rondelles which in turn lead to a large chrome trumpet which forms the up-lighter shade. Very simple and very stylish, the photos really don't do them justice. The condition is very good for the age, there is the odd mark of wear but nothing to distract. These lights are fairly substantial in size and most likely would have come from a cinema. Ideal for the period or moderne home.
