Description

Antique 1919 Nidor silver pocket watch. The watch has a nice quality Swiss stem-winding movement which is working well. The nicely jewelled movement is stamped Nidor. The watch measures 50.5mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both of the case backs for London (import mark) 1919 with the importers mark for George Stockwell, the case is also stamped Nidor. The case has light surface marking from use and a mild unevenness to the back but overall it is in nice condition for a 1919 piece. The watch lens is glass and is in nice condition. The white enamel dial has a very faint hairline crack under the sub seconds dial but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
