Description

1950s Eloga pocket watch. The watch has a Swiss 17-jewel stem-winding movement which is working nicely. The watch measures 47mm diameter excluding the winding stem and the loop. The case is plated and it has an Art Deco inspired design to the case back. The condition of the case is good with just minor marking, nothing serious at all. The lens is in good condition. The dial is signed with the name Eloga, a brand name registered by Fabrique d'Horlogerie Eloga SA in 1928. It is in lovely original condition with original hands, an outer minute track and a subsidiary seconds dial. The watch will be sent in a new presentation box.
