Description

1930s Waltham full hunter pocket watch & chain. The watch has a stem-winding movement, Traveler grade which is working well. The fully signed movement has the serial number 27694766 which dates it back to 1932. The movement is protected by an inner hinged cover. The watch measures 50.7mm diameter excluding the winding stem and the loop. The case is 10ct gold filled and is the Moon model made by the Dennison Watch Case Company. The case has light surface marking from use and a couple of mild bruises to the front cover but overall it is in nice condition for a 1930s piece. The winding crown pushes in to open the front cover. Inside there is an acrylic lens in nice condition. The signed dial has a very faint hairline crack between the sub seconds dial and 5 o'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch comes on a vintage rolled gold albert chain which measures 36cm including the T bar and clasp. The watch & chain will be sent in a new presentation box.
