Depth = 39 cm (15.4")

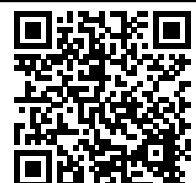

Description

Large antique Georgian style mahogany display cabinet on cupboard dating from around the 1930-50's period & in excellent condition. This cabinet has a dental cornice, with tear drop mouldings below. The top section has reeded canted corners & fine astral glazed doors, while the inside is polished & has glass shelves. The two bottom doors have flame mahogany panels & corner roundels. The base also has reeded canted corners & sits on bracket feet. I particularly like the pull out middle slide which still has the original tooled leather insert. This display cabinet is of high quality & has a lot of storage. It also comes apart into two sections for easy transportation. Width – 46 inches, 116 cm Depth – 15 inches, 39 cm Height – 85 inches, 215 cm
