Description

A miners pocket watch case with Record pocket watch. A large brass case with front viewing lens and loop to the top. The brass case is probably from the early 20th century. Inside the case is a 1940s Record nickel cased pocket watch. The watch has clearly been used within the case as it is showing chips and damage to the glass, making it an authentic piece. The watch has a good quality 15 jewel caliber 433 mechanism by Record. Case width 60mm. From Kembery Antique Clocks Ltd you can expect a genuine wristwatch supplied with a presentation box that is in full working order and sold with 12 months guarantee.
