Description

Antique 1903 Waltham Riverside half hunter pocket watch. The watch has a stem-winding movement, Riverside grade, which is working nicely. This is a high grade movement which could well be classed as railroad grade but we cannot confirm the number of adjustments (one of the requirements of a railroad movement was to have five adjustments). The nicely patterned movement is fully signed and the serial number 13,023,013 dates it back to 1903. This movement was made in relatively low numbers with just 1900 being produced in total. 1903 was the final year of production for this particular model. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Dennison Watch Case Company, the company made the majority of cases for Waltham UK. The case is in lovely condition, just the odd minor mark but nothing serious at all. The front cover has a small lens which is surrounded by dark blue enamel filled Roman numerals, there is a little enamel loss but nothing too significant. The button on the winding stem pushes in to open the front cover. Inside there is a...
