Sold**Item Reference: SA666300****Date of manufacture: 1960**

Description

Gents 1960s Enicar wrist watch. The watch has a signed Enicar in-house 25-jewel movement which is working nicely. The watch measures 36mm diameter excluding the winding crown and the lugs so a good wearable size. The case is gold plated and it is in good condition, just a little wear to the tips of the lugs. The stainless steel case back has the raised Enicar sun beam logo. The lens is in good condition. The signed dial is in its original finish with original hands, seconds sweep and an early form of quickset date where the hands are moved repeatedly backwards and forwards between 1am and 7pm until the desired date is reached. There is some light freckling across the dial. A new leather strap has been fitted. The watch will be sent in a new presentation box.
