Description

This is an incredible watch made by the premium Swiss maker Omega. It has the calibre 354 fully automatic movement. An Omega "bumper" is a vintage Omega that has a "bumper" automatic movement rather than a full rotation rotor automatic. The oscillating weight makes a partial rotation before "bumping" into a cushioning spring. The reference number is 2767. The two tone dial has been fully restored so is in mint condition and a new glass has been fitted. It has the solid 18ct gold Omega case which is fully hallmarked. The Omega symbol is on the crown, it has the extremely rare original genuine Omega buckle and it is fully marked Omega on the dial, movement and case as you would expect. The watch case measures 34.5mm in diameter not including the crown. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. Overall this watch is in outstanding condition and highly sought after by Omega collectors. The watch has been fully serviced and is guaranteed to be a genuine Omega in all respects. It has been professionally overhauled, the process is highly detailed and meticulous. It is str...
