Description

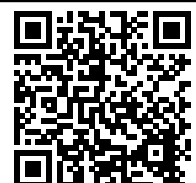

A heavy brass bell with the letters AS 1942 and an arrow pointing to the centre, that we believe to be a WW2 Military issue handbell. The bell measures 27cm in height and the width across the open end is 13cm and it weighs approximately 1kg; it has the original wooden handle and clapper. The central part of the bell has a beaten brass look with smooth edging at the top and bottom, and the handle shows some wear but still has the decorative brass finial at the top. Postage and packing for the UK mainland only is included in the price and for outside areas or abroad please contact us for a delivery quote.
