Description

Antique silver Improved Patent pocket watch, chain and cricket fob. The watch has a key-wound movement which is working nicely. The movement is protected by an inner fitted cover. The watch measures 54mm diameter excluding the stem and the loop. The case is silver and there are hallmarks inside both of the case backs for Birmingham 1894, with a case maker's mark for the Coventry case maker Joseph Moore. The case has the odd small mark but overall is in good condition. Vacant cartouche to the case back. The watch glass has light marking but is very acceptable. The dial has a short faint hairline underneath the subsidiary seconds dial but otherwise is in very nice condition. The watch comes with a single chain which has a silver T-bar, the chain measures 33cm long. The watch and chain also come with a silver cricket fob, hallmarked for Chester 1922. The watch and chain will be sent in a new presentation box.
