Description

Antique silver Waltham pocket watch, 1915. The watch has a stem-winding movement, Traveler grade, which is working well. The movement is fully signed and the serial number 19212783 which dates it back to 1913. The movement is protected by an inner hinged cover. The watch itself measures 50.4mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both case backs for Birmingham 1915 with a maker's mark for the Dennison Watch Case Company. The case has light surface marking from use and some wear to the engine turned detail on the back but overall it is in nice condition for a 1910s piece. The glass lens is in nice condition with only the odd minor mark to the outer edge. The white enamel dial is signed Waltham. The dial has a very faint hairline crack below the sub seconds dial although hardly noticeable. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
