Sold

Item Reference: SA669052

Date of manufacture: 1920

Description

1920s Revue stem winding pocket watch. The watch has a stem-winding movement identified as Revue, which is working nicely. The movement is stamped 15 jewels, Swiss made. The watch measures 50.7mm diameter excluding the stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light surface marking from use and some mild bruising to the back but overall it is in nice condition for a 1920s piece. The watch glass is in nice condition. The dial is in nice condition and has blued steel hands, a subsidiary seconds dial and outer minute markers. The watch will be sent in a new presentation box.
