Description

Great pair of nickel plate and brass column table lamps, fully re wired, PAT tested and ready to go. Very decorative pair of lamps and in good condition, showing just the right amount of age marks and mostly only to the very bottom of the lamps where there is some tarnishing to the brass. Re wired using a gold braided cord flex. Priced as a pair for the lamps only as the shades are just examples to give you a proportion (13" diameter). I have more than just the pair you see here, so if you are keen to have more than just two, do let me know. Measuring: 31 1/2" or 80cm to the top of the example 13" diameter shades 21" or 53.5cm high to bulb holder 5 1/4" or 13.5cm square bases
