Description

Outstanding Omega gents wristwatch. This is an incredible example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. It has a calibre 342 fully automatic movement. An Omega "bumper" is a vintage Omega that has a "bumper" automatic movement rather than a full rotation rotor automatic. The oscillating weight makes a partial rotation before "bumping" into a cushioning spring. It measures 38mm in diameter excluding the winding crown and is the largest vintage gold wristwatch made by Omega, a very rare find indeed in rose gold. The two tone dial is in mint condition having been fully restored, the Omega logo is on the winding crown and it comes with a genuine Omega buckle. It also has devils horns lugs which again is quite rare. The movement has just been serviced and comes with a 1 year warranty. The case has been professionally cleaned and polished so it is in superb condition. As you would expect the watch is fully marked on the dial, movement and case. It comes complete with a new premium quality black leather strap. Overall this watch is in incredible condition and an absolute must for Omega collectors. The watch has been f...
